Representatives attending previous SACS meetings agree they get more productive time with physicians and APPs in the conference's unique relaxed meeting setting than they ever could during office hours.

SACS is comprised of Cardiac-Care professionals (Cardiovascular Surgeons, Cardiologists and Advanced Practice Providers) from the District of Columbia, Florida, Georgia, South Carolina, North Carolina, Virginia, Tennessee and Alabama.

During the three-day conference, attendees will discuss and debate current issues in the field of cardiac care; all in a relaxed setting that is conducive for families. Come network with the Industry's best!

Industry Colleagues are encouraged to participate in the education sessions and discussions (as well as all social events).
