LETTER FROM THE CHAIRMAN

The South Atlantic Cardiovascular Society (SACS) Meeting has brought together cardiovascular specialists from the Southeast and beyond for almost fifty years. Our founders envisioned a meeting where cardiac surgeons and cardiologists come together to discuss challenging clinical cases and learn from each other in a relaxed environment of learning and dialogue. As cardiovascular healthcare has continued to evolve, Advanced Practice Providers from Cardiovascular Teams have been a part of our program, along with critical care and other related specialties.

In 2021 we had our largest SACS meeting ever. Two thousand and twenty one was also our first year we included a section on Adult Congenital Heart Diseases for those interested on this growing population of patients. We will continue to offer SACS-ACHD focus sessions in 2022.

We would like to invite you to participate in our next meeting at Kiawah Island Resort, July 14th-17th, 2022. The program will be focused on current challenges in cardiovascular care and cardiac surgery. Topics such as structural heart interventions, cardio-oncology, complex coronary artery disease, hypertrophic cardiomyopathy, heart failure and many others will be presented. We will also address relevant issues such as healthcare disparities and will continue with our successful and growing APP Workshop. If you are looking for an interactive meeting where you can learn from others and also share your knowledge and experience and discuss complex clinical cases – SACS is that meeting.

We look forward to seeing you in Kiawah!

- Jorge Alegria, MD,
SACS 2022 Chairman

**In 2021
we had
our largest
SACS meeting
ever.**

ABOUT SACS

The South Atlantic Cardiovascular Society (SACS) is a not-for-profit, professional organization that works to promote the advancement of current knowledge and skills in the field of cardiovascular care, and improve cardiac patient care.

We accomplish this by providing an environment at our Annual Meeting which encourages cardiologists, cardiovascular surgeons, and APPs to engage in discussions regarding the optimal treatment of cardiac conditions – whether medical or surgical.

SACS is governed by a Steering Committee of distinguished cardiologists, cardiovascular surgeons, and advanced practice providers. When developing each year's program, the committee strives to identify and address the challenges cardiac care professionals face in their daily work, balancing this with a look for a future filled with evolving technologies.

The core of the organization is comprised of cardiac-care professionals in the South Atlantic states of Alabama, Florida, Georgia, North Carolina, South Carolina, Tennessee, Virginia and the District of Columbia. However, SACS is open to all cardiac healthcare professionals.

The SACS Annual Conference features an agenda focusing on the challenges cardiac care professionals face in their daily work, balanced with a look for a future filled with evolving technologies. Governed by a Steering Committee of distinguished cardiologists, cardiovascular surgeons and APPs, SACS yearly meetings are extremely productive events with a high level of engagement from speakers and participants. It is also a great opportunity to spend time with families in a fantastic venue.

SACS MEETING OVERVIEW

The SACS Annual Meeting is an educational conference that features new and practical strategies related to the treatment of common and complex cardiovascular disease. Each year scientific information and timely topics are presented and debated in an interactive format.

Over the course of the three-day conference, participants and colleagues share knowledge, debate techniques and procedures, present case studies, and learn from one another in a relaxed, but never boring, open dialogue atmosphere. Exhibitors and Sponsors are a critical component of our meeting. We invite and encourage you to attend all educational sessions and social events. Your participation is not limited to the exhibit hall!

Share information on your products and services with some of the most influential cardiac care professionals from throughout the southeast.

Be a part of the debate by attending the 2022 SACS Conference as a Sponsor or Exhibitor.

SACS CONFERENCE AGENDA

FRIDAY, JULY 15 – SATURDAY, JULY 16, 7AM – 12:35PM

SUNDAY, JULY 17, 8AM – 10:00AM

SACS talks are primarily case-based formats, featuring concise presentations and ample time for debate and dialogue. Topics identified for inclusion on the program are:

Structural Heart Issues

Healthcare Disparities : STS/ACC

Surgical Disasters

Cath Lab Catastrophes

**Aortic Arch and Descending Aorta
Management in Aortic**

Advanced Strategies for Complex CTO's

Cardio-Oncology

Multi Valve

**Debate: Isolated Left Main Disease,
PCI vs CABG**

Hypertrophic Cardiomyopathy

Mechanical Complications

Lipid Management

**Chronic Thromboembolic Pulmonary
Hypertension (CTEPH)**

Critical

**"Rise of the Machines" The future of
Heart failure Therapy**

**Hospital Finances & Mergers – Impact
on Individual Practice**

The Use of Angiotensin II in the ICU

Anti-coagulation

**The State of Healthcare and Impact of
Cardiology/Cardiac Surgery On the
Bottom Line**

**Management of TR with concomitant
MV surgery**

LVADs

APP WORKSHOP

THURSDAY, JULY 14, 3PM – 6PM

The pre-conference APP workshop (included in the conference registration fee) is open to all attendees but the talks are tailored to APPs. Topics may include:

Treating Diabetes in the Cardiovascular Population

Update in Lipid Therapies

Disparities in Heart Failure care

**Structural Heart Indications and Evolving
Treatment Options**

**The Critical Role of APPs Across the Care Continuum of
Cardiac Surgery Patients**

Current Management of Atrial Fibrillation and LAA Closure

ECMO Indications and Management

The Versatility of Advanced Cardiac Imaging

Modern Cardiac ICU Competencies

ACHD

FRIDAY, JULY 15 – SATURDAY, JULY 16, 1PM – 6PM

The ACHD talks focus on issues specific to the care of adults with congenital heart disease. Topics will include:

Endocarditis: Medical and surgical management

Building an ACHD Program

**The role of advanced practice providers in growing an ACHD
program**

**Pulmonary valve replacement debate: Surgery or tran-
scatheter**

**Fontan Session including imaging, the hepatic effect, the
lymphatics, timing of Fontan, transplantation, MCS and
palliative care**

ABOUT OUR LEADERSHIP

CHAIRMAN, SACS 2022

JORGE R. ALEGRIA, MD, Sanger Heart & Vascular Institute, Charlotte, NC

Jorge Alegria, MD, serves as Medical Director of the Atrium Health –Sanger Heart and Vascular Institute Program, and co-Director of the Marfan and Aortopathy Clinic. Dr. Alegria's practice is based on the care of adults with congenital heart diseases. He is also Director of the Adult Congenital Heart Disease Echocardiography Laboratory.

Dr. Alegria is an active member of the North Carolina ACC Chapter as a councilor and leads the NC-ACC-Chilean Cardiovascular Society Twinning Program. His clinical interests include lifestyle intervention in adult congenital heart diseases and echocardiographic imaging.

VICE CHAIRMAN, SACS 2022

LEORA YARBORO, MD, University of Virginia Heart & Vascular Center, Charlottesville, VA

Leora Yarboro, MD, serves as a Cardiac Surgeon at the University of Virginia Heart and Vascular Center. Dr. Yarboro completed her fellowship in cardiothoracic surgery at UVA and following that became a member of the cardiac surgeon team. Dr. Yarboro's work entails a high volume and variety of cases including minimally invasive surgery and transcatheter based approaches to structural valve disease. She specializes in mechanical circulatory assist devices and heart transplant for patients with advanced heart failure.

IPCE CREDIT™

ACCREDITATION PENDING

In support of improving patient care, this activity has been planned and implemented by MedStar Health and South Atlantic Cardiovascular Society. MedStar Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

CREDIT DESIGNATION

This activity was planned by and for the healthcare team, and learners will receive Interprofessional Continuing Education (IPCE) credits for learning and change.
